28 February 2025

Dear Parents

### Class 1 – ZooLab visit

As part of our Mini Me topic, we will be having a visit from a company called 'ZooLab' in school on **Thursday 1<sup>st</sup> May**. They will undertake a series of workshops allowing the children to meet lots of amazing animals including snakes, scorpions and tropical frogs. This will enable the children to experience three workshops including; Life cycles, African Explorers and Wriggle & Crawl all of which support our topics this year.

The cost of this experience is **£19.53** per child which would cover the company running the workshop and includes all materials used. This is a voluntary contribution and if you will struggle to afford this payment, please do contact the office in confidence. The donations that we will receive will not cover the cost of this experience. If you are able to make any additional donation it would be greatly appreciated.

Children will need to wear their PE kit on this day for our interactive Wriggle and Crawl session! We look forward to an exciting experience.

Please provide payment via Arbor, our preferred method of payment, **by Tuesday 22<sup>nd</sup> April**.

Yours sincerely

Mrs T. Garner-Veal
