

# Nature arts & crafts workshops for schools

Hello, I'm Lisa

I set up Growing Bright after the pandemic to help myself and others grow bright through working with nature and creativity. I have an absolute passion for the natural world, simple pleasures and looking after people and our planet and I want to bring that to your school!

**Hapa  
zome**

I offer a variety of **nature inspired art and craft workshops**. I have worked with local schools, The Scouts and run workshops for adults at College Lakes, Wendover Woods and other local venues.

I also love **collaborating** and can work with you to develop a **bespoke activity** to suit your school's requirements.

**Bespoke  
sessions**

# Complement your curriculum

## Workshop examples:

- Iron Age art (history)
- Land art (Andy Goldsworthy)
- Paper beads (mathematics)
- Red cabbage dye (science)

Land  
art

## Pricing

I charge £125 for a 1.5 hour standard session with basic materials. Cost may vary depending on requirements but I will always discuss and confirm pricing with you before booking.

Mandala  
art

- DBS basic check
- £2m Public liability insurance
- TQUK Level 3 Award in Emergency First Aid at Work (RQF)
- Certificates available upon request.
