

Hello Electric Umbrella Community,

[Little Brollies](#) has been part of Electric Umbrella for years. We've been popping up in nurseries, Early Years settings and family spaces with guitars, ukuleles, a bit of Makaton, and a lot of singing.

Now we're making it a little more official...

Our first ever Little Brollies music video is OUT NOW!

Say hello to “**Vegetables (Cheese on Toast)**” — our debut video, live today. It's joyful, silly, and made for nursery mornings, classroom wiggles, kitchen discos, and anyone who takes their cheese on toast very seriously.

The song will be available to stream very soon, but for now press play... and good luck getting the chorus out of your head!
